For more info. on this fixture please go to www.Vari-lite.com

Fixture Name:-	VL 3500 Wash
Fixture Type:-	Moving Yoke Wash unit
DMX Channels:-	19
DMX In/Out:-	5 pin XLR
Lamp Type:-	Osram HTI 1500
Peak Output:-	>50,000 lumens
Colour Temp:-	6000k
Weight:-	43.5 Kgs
Dimensions:-	368mm(L) x 457mm(W) x 838mm(H)
Consumption:-	5.7 Amps

Features and Applications

The VL3500 is the High intensity wash tool in the Vari-lite series 3000 family of luminaires. With an output in excess of 50,000 lumens, as well as varied new options for colour and beam control, this fixture will soon be the standard by which all wash lights are measured.

If you're thinking big, ask us for one of these.....or a dozen !!

CMY Colour mix:-	A seamless and very fast CMY colour mixing system from 0% - 100%
Colour Wheel 1:-	A continuous spinning colour wheel with 5 interchangeable positions plus open.
Colour Wheel 2:-	A continuous spinning colour wheel with 5 interchangeable positions plus open.
Colour Wheel 3:-	A variable CTO colour temperature correction wheel.
Dimmer:-	A coated glass dimming wheel provides full field dimming even over slow fades
Shutter:-	High performance dual blade shutter system allowing very fast strobing as well as various strobe effects
Beam Control:-	A zoomable beam spreader mechanism with Vari-Brite mode splitting the beam spreader from any zoom position to create ultra tight beams. An aperture wheel with 5 graded sizes allows for even greater beam control Internal spreader lenses as well as external front lenses can all be swapped for an even greater variety of beam control options
Movement:-	540º Pan, 270º Tilt with both tracking and vector movement capability
