Features and Applications

Sharpy is a 189W moving beam light with an unprecedented brightness usually achievable only with far greater wattages.

Sharpy is also groundbreaking for the purity of its beam, which is sharply defined and free of any halo or discoloration around the edges its allows you to create an array of spectacular mid-air effects.

With its light weight and modest footprint, Sharpy is small enough to be fitted anywhere – on trusses at live and TV events, on stage, in showrooms or conference rooms.
