Fixture Name:-	Mac 250 Entour
Fixture Type:-	Moving Yoke Profile unit
DMX Channels:-	15 or 18 depending on Mode
DMX In/Out:-	3 or 5 pin XLR
Lamp Type:-	Osram HSD 250w
Peak Output:-	5,000 lumens
Weight:-	22.4 Kgs
Dimensions:-	375mm(L) x 315mm(W) x 538mm(H)
Consumption:-	1.5 Amps
Fuse:-	6.3 Amps
Gobo Size:-	22.5mm outside diam. 17mm image diam. (Max)

Features and Applications

The MAC 250 Entour is a feature packed profile with two gobo wheels, a colour wheel, dimmer, shutter, rotating prism and focus capabilities.

Commonly used for smaller size venues these units are at home at dance parties, corporate events, pub shows, school disco's etc. They are a very popular fixture. Due largely to their compact size and weight, they are a very user friendly unit, able to be rigged in many situations where a more high end fixture is not suitable nor practical.

In 18 channel mode 16 bit control is available across the Pan and tilt, colour, rotating gobo's, dimmer and focus parameters.

Colour Wheel:-	12 colour's including CTC + open. Full and split colours are possible as well as the continuous rotation of the colour wheel to create a scrolling effect.
Gobo Wheel 1:-	10 interchangeable fixed gobo's + open on a wheel that also has a shake function for each gobo and continuous rotation of the wheel for gobo scrolling
Gobo Wheel 2:-	7 Interchangeable rotating gobo's + open on a wheel that also has a shake function for each gobo, indexing and continuous individual gobo rotation and continuous rotation of the wheel itself for gobo scrolling
Prism:-	An interchangeable 3 facet rotating prism effect
Dimmer:-	Mechanical dimming 0% - 100%
Shutter:-	Strobing effect up to 14Hz as well as pulse effects, instant open and blackout
Focus:-	Achievable from 2m to infinity
Movement:-	540° Pan, 270° Tilt with both tracking and vector movement capability
