Features and Applications

The MAC 101 is a remarkably small, super light and easy-to-use LED moving head wash light with an amazingly bright beam for such a compact luminaire.

It features rapid movement and calibrated colors with a low price tag that allows for revolutionary set, stage and decorative lighting design.

In numbers large or small, the compact effectiveness of this unit cannot be surpassed. We have had them on shows with as little as 4 units up to as many as 260 units.

Colour mixing:-	RGB colour mixing with electronic colour wheel effect. 33 LEE referenced colours + white. Colour wheel rotation and random colour effects
Dimmer:-	Electronic dimming 0% - 100% with a choice of 4 dimmer curves
Shutter:-	Electronic strobing with pulse and random pulse effects.
